PROFESSIONAL EXPERIENCE

Many Lights Foundation   September 2019 to December 2019
Web Developer Volunteer   https://manylights.org/about/
- Contributed in an agile team of 4 as a Full-Stack Developer over 2-week sprint iteration
- Goal of this project was to create a website that could act as a comprehensive resource database for families that had adopted a child.

Washington Technology Industry Association (WTIA)   January 2019 to March 2019
Web Developer Volunteer   www.washingtontechnology.org
- Contributed in an agile team of 4 as a Full-Stack Developer over 2-week sprint iteration
- Goal of this project was to automate the process of organizing and matching tech industry speakers to high school classes to inspire children to get involved with programming. This platform serves to match volunteers and speaking opportunities, let schools communicate opportunities and logistics, etc.

Van Ackeren P.S. (Tacoma, WA)   December 2016 to June 2017
Legal Assistant   www.vanackerenlaw.com
- Responsible for filing court documents, drafting high-quality court documents, recording confidential material pertinent to a court case for the attorney to review, client intake, phone calls, scheduling, and creating case files
- Focused on being empathetic and professional while a client is in distress, delivering a high-quality experience as the first line of communication before a client could talk to the attorney

PROFESSIONAL ACTIVITIES

Member of South King Software Developers Meetup   2018 to Present
- South King Software Developers blends guest speakers, student presentations, and career events to facilitate collaboration and dialogue around technology trends.
